Funding and Fees

We offer a minimum attendance requirement of two sessions per week. A non-refundable administration fee of £50 is payable upon enrolment.

Invoices are issued on or around the 15th of each month, and all fees are due by the 1st day of the following month. Fees are calculated on an annualised basis, using a 50-week year divided into 12 equal monthly payments.

The terms and conditions of enrolment are provided in the registration documents and form part of the enrolment agreement.

We offer funded places for eligible children aged 9 months and above (from the term after they turn 9 months) The Choices website linked below is a great tool to find out what you may be entitled to:

There are various government schemes that can help reduce the cost of childcare and Childcare Choices is a great place to explore them all.

Stretched Funding Information

We offer stretched funding plans, enabling eligible parents to distribute their government-funded childcare hours evenly across the year. As we operate for 50 weeks per year, our full-year plans are designed to help families spread the cost of childcare consistently throughout the year. Any additional days booked outside your agreed plan will be charged at the standard full-day session rate.

Funding can be applied in increments of 15, 20, 25, or 30 hours. All plans use a stretched funding model, and we will support you in maximising your funded entitlement based on the number of days and sessions your child attends. Please refer to our funded-charges breakdown for examples of how funding can be applied.

Our funded stretched plans include freshly prepared meals, nutritious snacks, and a range of extra-curricular activities that extend beyond the standard EYFS framework. These meals and activities form part of our standard charges; however, in line with the updated nursery-charging regulations introduced in January 2026, these charges are optional.
